Denise,

This is a terrific help. We appreciate your efforts in proactively pulling this together. You have a great weekend too!

Elisabeth

**Subject:** FW: State Chemist CV's

Good Morning Elisabeth: FINALLY it went out. You don't have access to our "S" drive where they are housed, but I put them in by Chemists last name and then first (middle, etc.) for the title to make it easy for our ADA's to access. THANK YOU, again, for your help in this matter. And, please remember to update me with any changes (again, hopefully new hires) so the burden of calls being eliminated will continue. Later. Have a Great Weekend - Weather looks good. Denise

BUC: THANKS (same to you, have a great weekend, we all deserve it after all the rain we've had)

**Subject:** State Chemist CV's

Hello Everyone,

As you are all aware the recent decision in *Melendez-Diaz* has effected how we prosecute drug cases. We are making every effort to alleviate the burdens this decision will have on all of us in the execution of our daily duties with respect to these cases. One of the things we are trying to do is eliminate excess phone calls to the State Laboratory. To that end Denise Driscoll has secured the CV's of all of the chemists at the State Drug Laboratory. These CV's have been converted to .pdf files and placed on the shared drive (S drive) inside the folder labeled "CHEMISTS C.V.'s - DRUG LAB (J.P.)". Please feel free to utilize these files to print off copies of the chemists' CV's as needed in the discovery process and to help you prepare for your trials. **Please refrain from calling the State Laboratory for this information now that**

**it is available on our system.** The CV's will be updated automatically as new chemists are hired (hopefully soon) and as chemists update their own CV's.

Thank you for your time and attention in this matter. Please continue to forward your ideas on how we can make our system more efficient.
